## CRAFT BEER

### **Invercargill Brewery Wasp (*pilsner*)**

Wasp has a sweetish aroma and palate combining biscuity malt, caramel and honey. It has a spritzy mouthfeel and lingering vanilla note and the beer finishes crisply with an edge of citrusy tartness from the hops.

### **Invercargill Brewery B.man (*pilsner*)**

In both the aroma and palate, biscuity sweet malt provides a luscious canvas on which the hops play and their citrusy, passionfruit flavours lead to a dry finish.

### **Invercargill Brewery Stanley Green (*pale ale*)**

The aroma is sweet and well balanced with gentle herbal fruitiness. Being medium bodied there a creamy, sweet and savoury maltiness followed by a leafy hop note and finish.

### **Invercargill Brewery Pitch Black (*stout*)**

The aroma and palate are rich and inviting with suggestions of sweet caramel and chocolate. Smooth and creamy with a hint of hop dryness.

### **The Rocks Lager (*lager*)**

Made by the award winning Invercargill Brewery especially for The Rocks, this european style lager is crisp and clean. Made using the Wakatu hop it has been brewed as a single malt style, single hop lager.

### **Emersons Pilsner (*pilsner*)**

Emerson's Pilsner has an overt fruitiness that begs comparison with Marlborough's world-beating Sauvignon Blanc's. The beer's palate shows a hint of early malt sweetness but develops a lengthy dry finish

# CRAFT BEER

## **Emersons 1812 Pale Ale (*pale ale*)**

Medium bodied, the palate first offers a marmalade-like combination of ripe citrus and caramelised malts before resinous hops come to the fore and lead into a lingering dry finish.

## **Emersons Bookbinder (*new world ale*)**

Bookbinder has a sweet, perfumy, malt and hop aroma with a soft, malty, fruit and vinous palate that is both full flavoured and refreshing with a long, gently drying finish.

## **Macs Spring Tide (*low carb lager*)**

With the natural brewing process and extended fermentation, you'll enjoy the clean, dry taste and bitter finish of Spring Tide. With notes of pear and bubblegum from the yeast, the addition of four different hops push the malt taste to the far reaches of your mouth, creating a character rare in a beer this dry.

## **Macs Gold (*lager*)**

The golden hue of Mac's Gold comes from Crystal malt, a malted barley that has been caramelised during a malting process. This produces a darker, more flavoursome malt. The sweetness from the malt is balanced out by Pacific Jade Hops and a light, fruity character is produced by the Mac's yeast.

## **Macs Great White (*wheat beer*)**

As with traditional wheat beers, Great White uses a specialty Belgian yeast strain to add the characteristic spicy clove flavour and aroma typical of Belgian white style beers. Enjoy the traditional wheat beer flavours of orange peel and coriander - however you'll also detect aromas of bubblegum, banana, turkish delight, rose petals and raspberry.

## Aromatics

<b>Domain Road Duffers Creek Riesling</b>	Central Otago		\$36.00
---	---------------	--	---------

Pale straw colour, Duffers Creek Riesling provides aromas of apricot, lemon and grapefruit on the nose with a hint of honey. An off dry wine with balanced acidity.

<b>Mt Difficulty Target Gully Riesling</b>	Central Otago	\$10.00	\$43.00
--	---------------	---------	---------

Floral and ripe stonefruit notes compete in the aroma of this Riesling. On the palate these flavours dance in harmony. Residual sugar has been retained to balance the high natural acidity. This residual sugar has also fleshed out the mid palate of the wine.
